

Quality Guaranteed

**Your Success Our Commitment
More than supplier....Friends**

MANUFACTURER & EXPORTER OF

- DETERGENT CAKE PLANT
- DETERGENT POWDER PLANT.
- BATH SOAP PLANT
- LAUNDRY SOAP PLANT

Detergent Cake Plant

◆ Sigma Mixture Machine

We Manufacture "Sigma Mixture Machine" which is used to mix up all the material for preparing detergent cake.

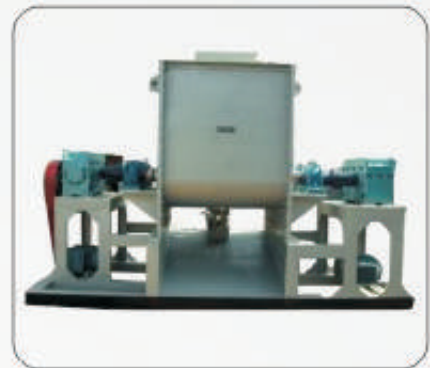

Mixing vessel - The mixer consists of a W-shaped horizontal trough containing two sigma shape mixing blades rotating within.

Mixer Blades - The clearance between the external periphery of the blades and the internal wall of the mixing vessel is generally in the range of 1.5 -2mm.

Mixer Drive System - the Sigma Mixer is Powered by a drive system comprising of a motor , Gearbox and couplings.

Material Charging and Discharging - material is loaded in the mixer through the top cover. Discharge of material is at bottom door opens generally through hydraulic power pack.

The material of construction may be SS 304/ Mills Steel IS 2062 Grade - B and WCB

◆ Conveyor

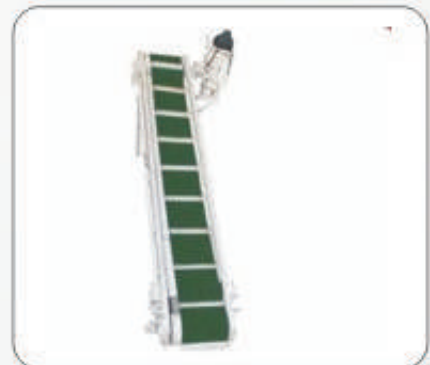

Conveyor will receive the detergent mass from sigma mixture and fall into the plodder in defined quality

Multi Screw Conveyor

Screw Conveyor

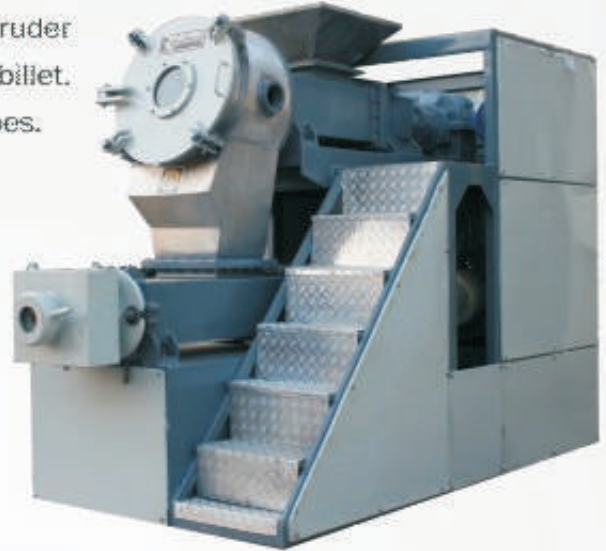

Belt Conveyor

Duplex Vaccum Plodder Machine

Plodder is a soap-making machine that is used to extrude the final product (soap). The machine comprises of two separate stages. A. Refiner (pre-plodder), B. An extruder that forms the final bar shapes in a long continuous billet. The Plodder machines can be categorized into four types.

- Single Worm Simplex Plodder.
- Single Worm Duplex Vacuum Plodder.
- Twin Worm Simplex Plodder.
- Twjn Worm Duplex Vacuum Plodder.

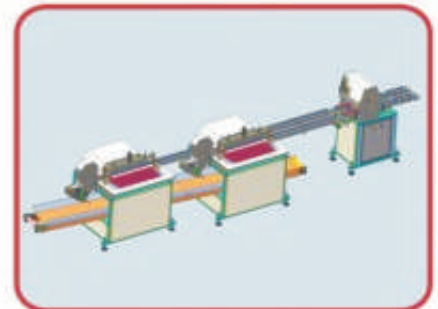

SIZE	100 MM	150 MM	200 MM	250 MM	300 MM
OUTPUT KG/HOUR	75	175	600	1000	1500

Automatic Cutting Machine

- Total Length - 12 Feet
- Pneumatic Parts - Festo and Junatics
- Cutting Station - 1 & 2
- Air Compressor - 3 H. P. or 5 H. P.

Bath Soap Making Machine

◆ Sigma Mixture Machine

Our Company Is Prominent Manufacturer of Toilet Soap Making Machine Used In Toilet Soap Industries For Preparing Toilet Soap Material. The Machine Is Available In Varied Dimension As Per The Requirement Of The Clients.

Capacity In Kgs.	100	200	500	1000
------------------	-----	-----	-----	------

◆ Noodler Machine

SIZE	100 MM	150 MM	200 MM	250 MM	300 MM
OUTPUT KG/HOUR	75	175	600	1000	1500

◆ Triple Roll Mill

Our company manufactures high quality Triple Roller Machines necessary for achieving fine and homogenous products. Roller Machine is used to refine homogenous, flake thick paste materials to thin sheet forms.

◆ Worm Conveyor

We offer gamut of Worm Conveyor manufactured using high grade material. The machine is robust and can be easily fixed either horizontally or inclined in order to control material flow in processing operations.

◆ **TWIN WORM DUPLEX TYPE VACCUM PLODDER MACHINE**

We are foremost manufacturer of Duplex Type vacuum Plodder Machine. The Plodder Machine is high in demand and used in soap making industries for features like high performance, abrasion & corrosion resistance and longer service life.

◆ **Rotary Bar Cutter**

M.O.C. Alluminium

◆ **Automatic Cutting Machine**

We are among the leading manufacturers and exporter of Cake Cutter Machine.

◆ **Stamping Machine**

M.O.C. CI

Washing Powder Mixture Machine

◆ Ribbon Blender

Ribbon blender consists of a U-shaped horizontal trough and a specially designed double helical ribbon agitator rotating within. Ribbon blenders are based on a proven agitator construction that provides a triple mixing action ensuring fast and efficient blending. The dimension and configuration of the ribbon are carefully balanced to provide a movement of material within the container that avoids dead spots and gives rapid product discharge.

CAPACITY DETAILS

CAPACITY	100 KG.	200 KG.	300 KG.	500 KG.	1000 KG.
----------	---------	---------	---------	---------	----------

◆ Pan Type Mixture Machine

- This modern mixture machine is carefully designed to produce detergent powder.
- The mixture is emptied through bottom discharge mechanism.
- M. O. C.: M. S. or S. S.
- Capacity: 100 Kg. to 1 ton per batch.

◆ Case Mill

◆ Pulverizer

Note

Company Profile

RAMESH BHAI

Chairman

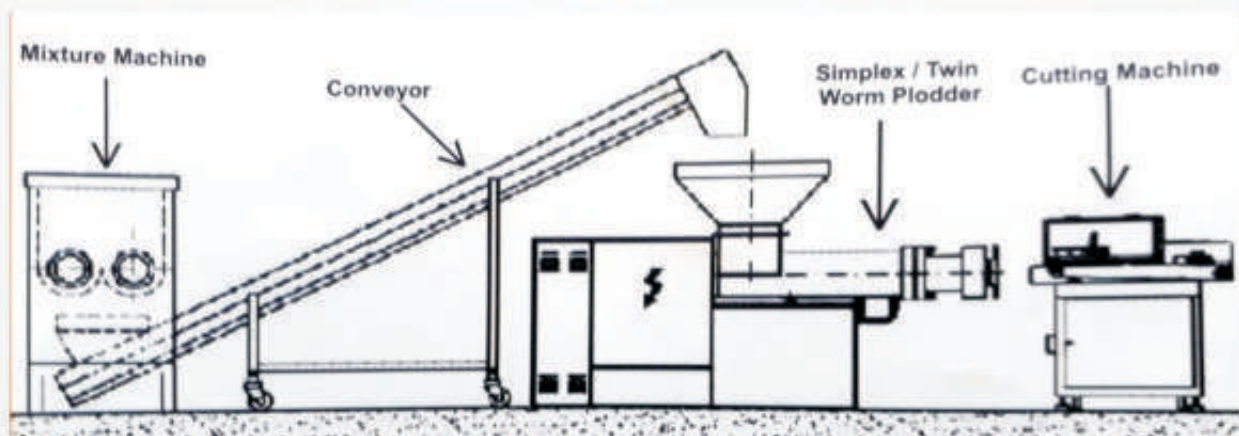

Your Success Our Commitment
More than supplier.....Friends

Incorporated in 2006, Rameshwar Steel Fab is a renowned manufacturer and exporter of Detergent Cake Plant, Washing Powder Plant, Toilet Soap Plant, Laundry Soap Plant, Acid Slurry Plant / LABSA Plant, Pilot Plant and various other Products based in India.

Our Company has made tremendous improvements under the guidance of Mr. Ramesh Bhai, who has 23 years of experience in this industry. With the knowledge and skilled experts we have been delivering quality products as per the requirement of the customer.

We manufacture top-notch quality products which are formulated to give the desired results. Our quality is tested by special technicians to avoid any shortcomings, and the product can be used to maximum efficiency.

We endeavor to bring in innovative products that have functional value and can be offered at cost effective prices.
