

# Engineering Reliable Systems for *Global Manufacturing*

Custom-built Detergent, Soap, LABSA & Process Plants —  
designed for performance, safety, and long-term efficiency.

**RAMESHWAR**  
STEEL FAB

राष्ट्र प्रथम  सदैव प्रथम

# Manufacturing

Our plant is situated in Ahmedabad City of Gujarat state, which is consider to be second best state in India having best business community and high growth rate. Our plant is situated on 17,500 Sq. Ft. area for durable production for domestic and exports.

For the systematic and smooth work process, we have a modern infrastructure. This infrastructure is categorized into several parts such as Manufacturing, production, warehouse and packaging. The state of the art infrastructural unit is installed with advance machinery and tools in order to meet the urgent demand of customers within time. The process are supervised by our tem expert who have rich experience and knowledge in the domain.

With 40 years of expertise in soap and detergent machinery, Ramesh Bhai Luhar is the driving force behind Rameshwar Steel Fab. His visionary leadership, coupled with his down-to-earth nature and simplicity, has shaped the company's strong foundation and industry reputation.

RAMESHBHAI B.  
**LUHAR**

MAYURBHAI R.  
**LUHAR**  
GENERAL MANAGER

# Our Mission & Vision

Our **Mission** is to lead the engineering industry with our unflinching commitment towards quality and timely delivery of the products.

Our **Vision** is to lead the engineering industry with our unflinching commitment towards quality and timely delivery of the products.

## WHY US ?

With our experienced and energetic team of professional utilizing the state of the art facilities, we have established our selves as one of the leading engineering companies in the industry.

- Innovative turnkey Solutions
- Cost Effective
- Unmatched Quality
- Timely Delivery
- After sales support

## Manufacturing Strength

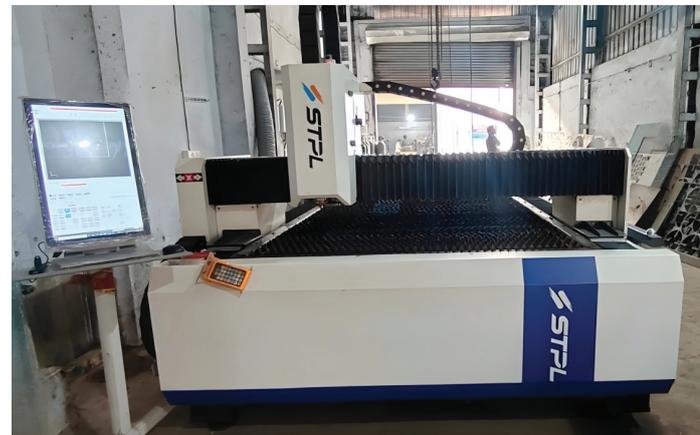

### LIST OF MACHINERY:

TOS HORIZONTAL BORING MACHINE - **2NOS.**

KIRLOSKAR LATHE MACHINE - **5NOS.**

TOS MILLING MACHINE - **1NOS.**

LASER CUTTING MACHINE - **1NOS.**

LASER CUTTING MACHINE

VMC MACHINE

CNC TURNING

# Design & Discussion

A dedicated team at **RAMESHWAR** uses the latest 2D & 3D Software tools to design the layout and machines as per the customer requirement.

# Detergent Powder Plant ▼

## Ribbon Blender

Cage Mill

Ploughshare Mixer

Batch Holding Vessel

**WE ARE MANUFACTURE  
THE PLANT CAPACITY FROM**

**300 KGS / HR. TO  
4000 KGS / HR**

# ▼ Detergent Cake Plant

Sigma Mixture

Duplex Plodder

Multi Screw

WE ARE MANUFACTURE  
THE PLANT CAPACITY FROM

**300 KGS / HR. TO  
3000 KGS / HR**

Sigma Mixture Double Drive

Auto Stamper

Long Bar Cutter

# Toilet Soap ▼

Sigma Mixture

Multi Screw

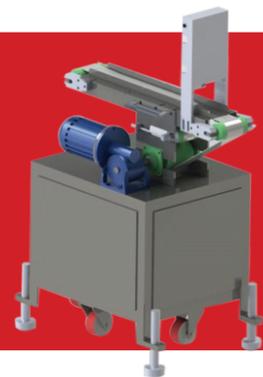

Noodler/Refiner

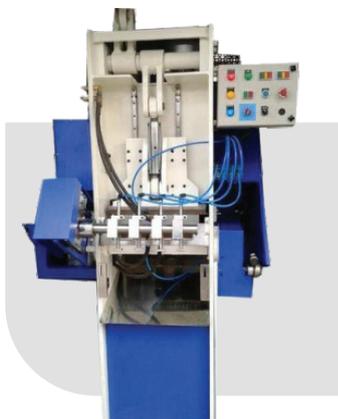

Triple Roll Mill

Duplex Plodder

Long Bar Cutter

Vertical Stamper

**WE ARE MANUFACTURE  
THE PLANT CAPACITY FROM**

**300 KGS / HR. TO  
3000 KGS / HR**

# ▼ Laundry Soap

Soap Crutcher

Heat Exchanger

Spray Chamber

Noodler/Refiner

Rotary Cutter

Soap Cutting Machine

**500 KGS / HR. TO  
2000 KGS / HR**

**WE ARE MANUFACTURE  
THE PLANT CAPACITY FROM**

## ▼ Machinery

Pilot Plant

Paper Wrap

Vibro Sieve

Flow Wrap Machine

Servo Bar Cutter

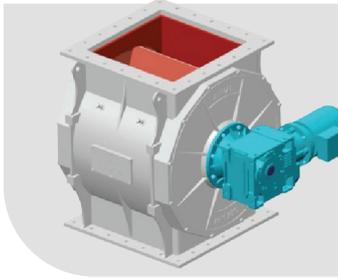

Liquid Stirrer

Bar Soap Dies

# ▼ Material Handling

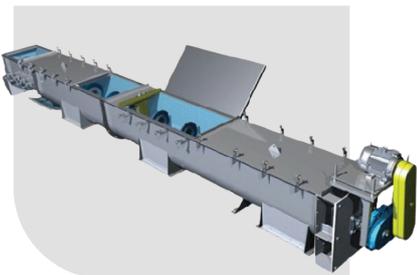

Rotary Valve

Noodle Transfer System

Tubular Screw Conveyor

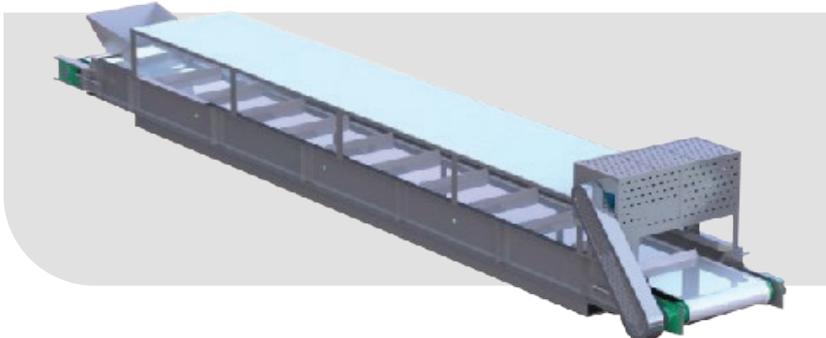

Multi Discharge

Twin Screw

Bucket Elevator

Belt Conveyor

# OUR HAPPY CLIENTS

▶ In our projects and plants, the brought out items used by us are all from reputed companies like:

- FESTO : Pneumatic Cylinder, Valve and fittings
- Allen Braddley : VFD, PLC, Sensors
- Motor : ABB & Crompton
- Gear Box : Premium and Elecon.
- Bearing : FAG, SKF & ZKL

Exporting Countries ▶

**Decades of Expertise.**

**Engineered Into Every Plant.**
